FOR IMMEDIATE RELEASE

The Fife Police Department And Mountlake Terrace Police Department Become The Latest Law Enforcement Agencies in Washington State To Adopt The CrimeWeb Citizen Alert System.

Mesquite, TX – August 25, 2006 – Two Washington State police departments recently joined a nationwide e-mail notification program called CrimeWeb.Net.

The Fife Police Department and Mountlake Terrace Police Department join several other Washington State agencies that are already using CrimeWeb.Net to distribute public safety information to their community.

The Fife Police Department has already used the system to distribute registered sex offender notifications and will continue to use it to disseminate crime and public safety related information to the community. Mountainlake Terrace is a more recent user and is in the process of having personnel trained to create and distribute alerts.

The Redmond Police Department was the first user of the system in Washington State.

About CrimeWeb:

CrimeWeb is a centralized clearinghouse used by public safety agencies across the nation to distribute information to the communities they serve. The patented CrimeWeb process is the most effective method of delivering information to a targeted population of citizens.

Citizens can sign-up for free at www.crimeweb.net and receive specific alert types from any geographical area that interests them. CrimeWeb's patented technology and proprietary zip code engine allows a subscribing agency to distribute alerts anywhere in the country. Alerts can be sent to citizen subscribers in specific zip codes, up to 99 miles around a specific zip code or to all registered users located geographically between two zip codes.

For more information, contact CrimeWeb on-line at www.crimeweb.net or call 1-888-33CRIME.
